language in the penalty clause to make it constitutional and I would be in hopes that we could get 25 votes to advance the corrective measures and put it back on Final reading where it was before. I move the adoption of the amendments and we'll see if we can get 25 people to vote.

PRESIDENT: Do you want to read the amendment Mr. Clerk.

CLERK: Read amendment.

PRESIDENT: Any discussion on this amendment? The question is the adoption of the amendment, as spoken to by Senator Duis to LB368. Record your vote. Please record. Please vote. Record.

CLERK: 27 ayes, 0 nays and 22 not voting.

PRESIDENT: The amendment is adopted. Do you move the advancement of the bill? Any discussion? All those in favor say aye, contrary nay. The bill is advanced. Senator Chambers.

SENATOR CHAMBERS: Mr. President, I talked to Senator Moylan about his bill LB311 and the amendment that I offered is rather lengthy but it really doesn't say that much. Could I mention it and test the water?

PRESIDENT: You might as well try.

CLERK: Mr. President, LB311 is on Select File and it is on its way up so the amendment is proper. There are two amendments offered by Senator Chambers. Read amendments.

SENATOR CHAMBERS: Members of the Legislature deals with the Public Service Commission and what this amendment does is to spell out that there can be no compensation of any kind in terms of salary other than what is allowed by a law. There can not be a solicitation or an acceptance of gift or hospitality or gratuity for the influencing the decision or actions of any commissioner. There can not be a disclosure of any commissioner of any confidential information regarding the carrying out of this commissions duties and there can not be the acceptance of solicitation of anything of value for the purpose of influencing the outcome of legislative, executive, or administrative decisions. Then there can be no position held by commissioners which would conflict with his or her position as a public commissioner. Senator Moylan, I don't know if he had any particular objection to anything in the amendment and that is why I keep mentioning his name so that if he does he can make it clear at this time. If he doesn't have any objection, I would like to answer any objections that may exist and then the bill perhaps can move.

PRESIDENT: Senator Murphy.

SENATOR MURPHY: I would ask Senator Chambers a question. You said that it would be no income, other than that provided in this law?
